Subject: RE: Question(s) regarding timeline....

Caitlin: Yvonne and I put our heads together and came up with some additional questions. It is located in the Electron Dam Folder and then in the following subfolders: SWES - Electron Dam Puyallup\Penalty Information and Memo\404 Evidence
Additional questions for 404 are found in the document called **Additional Questions**. I didn't want to send it to you in case Yvonne had something else to add.

Started working on the supporting information for this "Rock Dam" that Electron called "Temporary Spillway". That document is also located in the same folder. I know that we have a couple of pictures that can be added to the supporting evidence.

I will free up my morning to work some more on this.

Penalty memo is being worked on by Yvonne and me. I am blocking Friday all day to work on it. I think we are on target and I just need to remember to spend time to develop a version without the "rock dam".

Subject: RE: Question(s) regarding timeline....

I'm glad you're back up and running. I have been having issues too.

The 308 follow-up meeting with Electron Hydro is tomorrow, so I need a list of follow-up questions, requests for information by EOD today at the latest.

The deadline to send a finalized version of the penalty memo is EOD Tuesday, March 23. I intended to review the latest draft today and provide feedback. Please let me know what your timeline looks like.

Thanks!

Subject: Question(s) regarding timeline....

Hi Caitlin: So long story short – I have been having computer issues for a while and they came to a bit of a “head” after we talked on Thursday and Friday, as well as this morning. The issues haven’t been fixed, but IT got me back up and operating in the short term until they can figure out a permanent fix.

When is the meeting scheduled this week with Electron re: informal discovery and 308 questions?

And, the time we are going to send the draft penalty memo to DOJ is COB on Tuesday, correct?.
